

Dresden Star Ornaments™

One-of-a-kind, Handmade Victorian Christmas Ornaments

When you hang a Dresden Star Ornament on your tree this Christmas, you can do so knowing that you have a very unique Christmas ornament, unlike any other. Dresden Star Ornaments are lovingly hand-crafted from beautiful antique chromolithographs (called "scraps"), old glass ornaments, and a variety of vintage Christmas decorations, making them truly look like antique Christmas ornaments.

Most of the materials used to make our ornaments are between 50 and 120 years old, and that's why each ornament is truly one-of-a-kind. Die-cut papers, glass ornaments and beads, tinsel, spun-glass, a variety of papers, fabrics, trims, silk flowers and old Christmas decorations come from our collection of vintage and Victorian materials. The gold and silver Dresden embossed papers (stars, borders, embellishes), Lametta tinsel and spun glass are either original old-stock, or more recently produced in Germany with the same manufacturing processes that have been used for over a century.
